

MIKE DUMAIS

300 Cherry Creek RD | Sparta, TN | 239.222.0905 | mike.dumais@gmail.com

OBJECTIVE

Dedicated retired professional with over 18 years of local government experience, seeking a part-time opportunity where my GIS, application support, workflow analysis, and technical problem-solving experience can help support team goals and business objectives.

SKILLS & ABILITIES

- GIS, Arc Desktop, ArcGIS Pro, ArcGIS Online, SDE
- Application analysis, operations support, project management
- .Net Framework, T-SQL report writing, PowerShell, Crystal Reports
- vb.net, C#, JavaScript, Python, HTML, CSS, React, Next, Astro, Vue
- Strong communication with technical and non-technical staff
- Mentoring CAD & GIS technicians and other analysts
- Drafting SOPs, checklists, and guidelines for cross-training
- Understanding of parcels, plats, deeds, easements, and land use
- Ability to interpret bearings, azimuths, curves, monuments, and legal descriptions
- Open-source GIS tools and web mapping

EXPERIENCE

11/2022 – 04/2025 GIS Analyst, Transportation Office of the County Engineer (OCE)
Ocala, FL

- Utilized ArcGIS Desktop and ArcGIS Pro to create, modify, and retire stormwater assets and maintain attribute data in SDE
- Prepared and distributed maps for internal and public requests
- Managed stormwater assets stored in SDE
- Used ArcGIS Online to support field and back-office activities
- Digitized AutoCAD projects into enterprise SDE
- Used Post and Reconcile versioning workflows
- Supported stormwater regulatory GIS needs for MS4 and NPDES requirements

08/2022 – 11/2022 GIS Coordinator, Information Technology
Ocala, FL

- Supported agency web GIS and ArcGIS workflows
- Managed public and internal portals
- Administered a SQL Server Spatial Data Environment
- Managed services to synchronize Cartegraph OMS cloud resources to on-premise SDE
- Created and tested services for Tyler EPL replacement system
- Managed ArcGIS Enterprise and ArcGIS Online
- Coordinated GIS requests across multiple County departments

12/2020 – 08/2022 Business Analyst, Transportation Office of the County Engineer
Ocala, FL

- Served as technical liaison for the Office of the County Engineer
- Gathered and documented system requirements, scope, and objectives
- Supported asset management solutions and business process analysis
- Coordinated hardware and software upgrades
- Prepared maps and Excel reports from OMS data

08/2019 – 12/2020 GIS Specialist, Collier County Property Appraiser
Naples, FL

- Created, modified, and retired parcels in ArcGIS Desktop
- Maintained parcel tax record numbers
- Performed QA on cadastral data
- Used COGO tools to verify parcel boundaries from legal descriptions
- Prepared maps and certified maps for legal and regulatory use
